WAR AND INTERIOR TO PASS ON  
CLAIMS OF DIFFERENT LOCA-  
TIONS.

The brief setting out the superior advantages of Muscle Shoals for the location of the government nitrate plant will be presented to President Wilson at Washington Monday, according to advices reaching here today. On Monday a strong southern delegation will visit the president for the purpose of expressing the wish of the solid south that the Alabama site be chosen.

The committee that will see President Wilson is headed by Hon. Jacob M. Dickinson, former secretary of war. Its personnel embraces some of the most distinguished and representative men of Dixie. The committee will be received by the president on Monday afternoon at 3:30 o'clock. In full it follows:

Jacob M. Dickinson, ex-secretary of war, Chicago; Dr. C. W. Dabney, president University of Cincinnati, Cincinnati; Dr. George H. Denny, president University of Alabama, Tuscaloosa; Dr. J. H. Kirkland, chancellor University of Vanderbilt, Nashville; Herbert Myrick, president Orange Judd publications, Springfield, Mass.; Col. E. T. Brown, member regional bank board, Atlanta; P. L. President Wilson has named as members of the committee to designate the site of the nitrate plant the secretary of war, secretary of agriculture and secretary of the interior.

The resolutions endorsing the Muscle Shoals site adopted by the National Farmers' Union were presented to President Wilson yesterday by A. B. Thornhill, president of the Virginia Farmers' Union.

## LONDON ROCKED BY EXPLOSION IN BOMB FACTORY

HEAVY LOSS OF LIFE MAY HAVE  
OCCURRED IN BRITISH  
CAPITAL.

(International News Service.)  
London, Jan. 20.—Heavy loss of life may have accompanied the ammunition factory explosion in a suburb of London last night, according to an official announcement by the minister of munitions. There was great destruction of property. So great was the force of the explosion that London was rocked as though in the grip of an earthquake and some thought London was being attacked. Bombs were falling over the city.

(Note.—It is possible that the explosion may have occurred in the Woolwich arsenal, one of the biggest arsenals in Europe.)

IN PATH OF MERCHANTMEN BY  
WARNING FLASHED FROM BRIT-  
ISH SHIP.

## HUDSON MARU TO BE HELD

MOEWE IS STILL AT LARGE AND  
MANY GUESSES ARE BEING  
HAZARDED AS TO HER WHERE-  
ABOUTS.

(International News Service.)  
London, Jan. 20.—The British steamship Yarrowdale, which was captured by the Germans, has been taken into the Belgian port of Zeebrugge, a prize of war. This information was received here today. That the German raider which has been destroying commerce in the South Atlantic was originally a merchant ship and not a man-of-war, as has been reported, is definitely shown by the official statement issued by the German admiralty. The statement speaks of the commerce destroyer as an auxiliary cruiser. This has strengthened the belief here that the new wolf of the seas is the Moeve. The Yarrowdale was a rich prize of war. She carried 459 prisoners and a great cargo of valuable war supplies. The activities of the British naval forces searching for the raider are kept a strict secret.

(International News Service.)  
New York, Jan. 20.—Allied shipping has been warned that the captured British merchantman St. Theodore has been armed by the Germans and is now scouting in the steamship lanes. A British cruiser off Sandy Hook flashed the warning.

## JAPANESE SHIP ORDERED INTERVIEW BY BRAZIL

(International News Service.)  
Buenos Aires, Jan. 20.—The Japanese ship Hudson Maru, which was captured by Germans and turned into a prize vessel, is still at Pernambuco, according to advices received here today.

The Brazilian government has sent instructions to have her interned, if she is armed.

The crews of the French bark, Nantes and Asnières, which were among the 237 sea refugees landed by the Hudson Maru, have gone to Bahia, where they will await the arrival of a steamship to take them away.

The Americans among the fugitives have been assisted by the United States consul. The original raider, which is still thought to be the Moeve, is at large and many guesses are being made as to her whereabouts. According to some reports she is lurking in the Gulf of Mexico. Others say she has fled to the Canary Islands. Reports that the steamer Ortega has been sunk have not been confirmed.

## RUSSIANS TRY DESPERATELY TO BREAK GERMAN LINES

(International News Service.)  
Berlin, Jan. 20.—Desperate efforts are being made by the Russians in Moldavia to break the lines of the German and Austro-Hungarian soldiers. The war office reported today that numerous attacks were being made by the Russians in the Carpathians. At one point the Russians penetrated a German position but were driven out. Field Marshal Von Mackensen's forces have captured the town of Nanești on the Sereth river.

## THREE SUBMARINES ARE ACCOMPANYING RAIDER

(International News Service.)  
Rio de Janeiro, Jan. 20.—The German raider which has been preying on commerce in the South Atlantic was accompanied by three submarines, says a dispatch from Pernambuco today. These submarines were said to be less than 80 feet in length and of a new type. It is said they were used for scout duty.

## AT GATEWAY TO NEW HOME

The most interesting travelers among the 965 who arrived on the liner Nieuwe Amsterdam recently were the Belgian children sent to this country by Father John de Ville. They will make their homes with relatives or friends in the middle West. They wore the warm clothes sent down the bay to the steamship for them by the American Red Cross, and tugged along bundles of the thin and worn apparel in which they crossed the ocean.

## FARM LOAN ASSOCIATION IS PLANNED IN NORTH ALABAMA WITH HEADQUARTERS HERE

The call issued by E. H. Allison to farmers to meet here January 24 and organize a farm loan association was endorsed at a meeting of the Albany Board of Commerce last night. Mr. Allison was requested, however, to enlarge his call to include Morgan Limestone and Lawrence counties and make one big association, combining the resources of this immediate section, with headquarters here.

A. G. Patterson, second vice-president of the Board of Commerce, and ex-officio president of the members' council, today declared he was surprised at the lack of red-tape to the organization of a farm loan association. He said he had studied the plans as sent out by the government and it appeared very simple to him.

"But we want to get one large association," he said. "That increases the strength of the association greatly."

Under the farm loan agreement, all members of the various associations,

seeking a loan must have the temporary board of appraisers of the local association look at their property. If the application is given an o. k. it is sent to the federal reserve bank of the district, and an expert appraiser from the bank visits the property. He reports on the application immediately.

The following announcement also was made today by the commerce board:

"The regular weekly meeting of the members' council of the Albany Board of Commerce scheduled for next Monday evening has been postponed for one week, on account of change of headquarters, the new quarters not being ready for the meeting. The various committees appointed at last meeting are requested to give their consideration to the matters assigned to them and to be prepared to make reports at the next meeting of the council. A. G. Patterson, chairman."

## CLAYTON BOGGS' JUDGEMENT AGAINST RAILROAD REDUCED

Montgomery, Jan. 20.—If Clayton Boggs, of Morgan county, had not talked too much he would have collected \$250 from the Louisville & Nashville railroad as damages for being ejected from one of the company's trains after he refused to pay 15 cents more in cash than the price a ticket would have cost him. Boggs refused to pay the money and was ejected. He sued and obtained a judgment for \$250 in the Morgan county law and equity court, but Boggs' gossip reached the supreme court so it affirmed the verdict of the jury Thursday, but reduced the judgment to \$25.

Boggs contended that he was due damages to compensate him for the mental anguish suffered when he was ejected while other passengers were nearby, but the railroad showed that

he remarked to the conductor: "You put me off and I will make a test case of this. We will get some money out of the company or your d—n job, one or the other." The supreme court didn't think this indicated any great state of mental anguish about the time Boggs was being ejected.

The legislature in 1915 gave the supreme court authority to reduce excessive judgments and this probably is the first case where the authority has been used.

Other cases from Morgan county passed upon were: Tinnie S. Lampkin vs. Fannie Rose, appeal from Morgan circuit court; overruled. Nancy E. Bates vs. Alice Oden, et al., appeal from Morgan circuit court; overruled.

## Putnam Will Speak at Local Y. M. C. A.

Sunday afternoon at 3 o'clock the regular men's meeting will be conducted as usual at the Y. M. C. A. E. A. Putnam, general secretary of the Railroad Association at Oakdale, Tenn., will deliver the address. He spent several days with the local Y. M. C. A. in a campaign several months ago and will be remembered by many who met him at that time.

The usual song service will be in charge of Mr. Fischer, and at the close of the service the newly organized men's chorus will have a short rehearsal to which all men interested in singing are invited.

## Steamer in Distress Off Cape Race is a Wireless Dispatch

(International News Service.)  
Halifax, Jan. 20.—An unidentified steamship is in distress off Cape Race, according to wireless messages from the Standard Oil Company tank ship John D. Archibald to the Marconi wireless operator at the Cape Race station.

The vessels Baltic and Philadelphia for New York and the steamship Chicago bound for Bordeaux are the only large ships known to be in the vicinity of Cape Race. Government vessels have been dispatched from Halifax in search of the distressed ship.

## Delegates Are Selected For Highway Conference

### How The Nation's Capital Honored Admiral Dewey

All government departments closed throughout the day by executive order of President Wilson.

All business establishments in the city closed from 11:30 to 12:30 out of respect to the memory of the dead admiral.

All flags on all government buildings, army posts, naval posts and war vessels displayed throughout the day at half mast.

Services conducted at the Dewey home at 10 o'clock attended by only members of the immediate family, the president and Mrs. Wilson, Secretary of the Navy and Mrs. Daniels and a few intimate friends.

Rev. Dr. Boland Cottonsmith, of St. John's Episcopal church, of which the admiral was a member, officiated, using only the simple burial service of the Protestant Episcopal church. The body of the dead admiral, escorted from his home to the capitol building by the entire battalion of midshipmen from Annapolis.

Official services in the rotunda of the capitol building at 11 o'clock. In attendance were the president and Mrs. Wilson, the members of the cabinet, representatives of the diplomatic corps, special committees named by the senate and the house, officials of the navy, army, marine corps and other invited guests.

Funeral procession from the capitol building along historic Pennsylvania avenue through the heart of the city to the Aqueduct bridge, then across the Potomac and along the military road to Arlington cemetery. Body temporarily laid to rest in the mausoleum belonging to Gen. Nelson A. Miles, in Arlington, on a slope south of the Lee mansion overlooking the city of Washington.

## WITHDRAWAL OF TROOPS IS BEGUN

MILITARY AUTHORITIES, HOW-  
EVER, PROTEST IGNORANCE  
OF SUCH MOVE TODAY.

(International News Service.)  
San Antonio, Jan. 20.—The withdrawal of the American troops from Mexico has actually begun, though military officers today professed ignorance of such a movement. Gen. Funston refused to comment on the report, but an order for withdrawal was expected today.

## REAL PROBE OF LEAK IS BEGUN

FOREGONE CONCLUSION THAT  
WHIPPLE WILL BE RETAINED  
AS COUNSEL.

(International News Service.)  
Washington, Jan. 20.—The real work of investigating the leak of President Wilson's peace note from Washington to Wall street, will be undertaken today following the conferences between Sherman L. Whipple, of Boston, and members of the rules committee who are directing the probe.

It is a foregone conclusion that Mr. Whipple will be retained as counsel for the committee and with his formal selection he will enter at once upon a study of the 500 pages of testimony already piled up. The present plan is to proceed on Monday with the examination of the woman of mystery in the case—Mrs. Ruth T. Visconti.

## Decatur and Albany Plan to Have Large Crowd in Birmingham Monday to Insure the "Bee Line" Road's Success

### W. T. SANDERS IS BOOMED FOR PRESIDENT

## Importance of Meeting in Magic City Stressed at Gathering of Directors of the Albany Board of Commerce

Final efforts were being made today by leaders in the new highway movement to insure a delegation of at least 50 citizens of Albany and Decatur at the meeting in Birmingham Monday. At the meeting then the route for the road will be chosen, a name selected and plans for building and improving the highway will be discussed.

Twenty-eight delegates were named from Albany at a meeting of the directors of the Board of Commerce last night. Fully that many business men in Decatur are being urged by Mayor Nelson and Postmaster Crawford, who are leading in the movement, to make the trip.

The civic chamber directors at the meeting last night stressed the importance of having as many citizens as possible at the Magic City meeting. The board declared the proposed highway is of vital importance to this entire section and that North Alabama, by all means, should dominate the Birmingham meeting.

Leaders in the movement in Athens, Hartselle, Cullman and Falkville today were urging the citizens of their cities to attend the meeting.

A movement also was set on foot today to insure the election of Col. W. T. Sanders, of Athens, as president of the association. Mr. Sanders is the father of the movement, being the first to withdraw from the Jackson Highway association, when the Huntsville route was selected for the Alabama spur. He quit the old association with the avowed intention of working for the "Bee Line" road. In a later statement, he cancelled a call he had issued for a meeting to be held in Birmingham and declared he did not care who led the movement, and favored anything that would insure the road being built.

Friends today were booming him for the presidency, however, and a strong fight will be made by the united North Alabamians to elect him to the leadership.

Bond Issue Probable.  
Following the selection of the route and the actual launching of the movement in Birmingham Monday, it is very probable an active campaign will be begun in Morgan county to issue bonds to build 20 miles or more of modern roads and connect the "Bee Line" route on the north and south.

Should a bond issue be asked, it is almost a certainty it will be made large enough not only to build the connecting link north and south through the county, but connections also will be made with all other pikes, giving Morgan county perhaps the best system of good roads in the state.

A number of prominent local citizens and farmers have declared themselves as enthusiastically favorable to a road bond issue.

The county commissioners and Probate Judge Lovick P. Troup will be asked to go to Birmingham Monday and lend their efforts to insuring the new highway.

The following delegates were named by the Albany Board of Commerce last night:

E. C. Payne, Samuel Blackwell, A. G. Patterson, E. H. Allison, J. J. Patterson, Dr. W. M. Murray, J. L. Proctor, J. H. Crow, Lamar Penney, W. E. Sivley, R. E. Chandler, I. J. Kuhn, W. A. Bibb, A. A. Hardage, B. E. Preult, S. M. Thompson, D. C. Almon, Dr. F. P. Petty, L. T. Mays, R. H. Wolcott, W. H. Aycock, B. L. Malone, E. F. Tidwell, Claude McMillan, H. L. Spencer, J. H. Calvin, L. P. Troup, W. R. Shelton.

### MUCH INTEREST SHOWN FOR THE NEW HIGHWAY

Birmingham, Ala., Jan. 20.—(Special.)—A great many letters and telegrams of encouragement are being received by the officers of the Jefferson County Good Roads Association in regard to organizing, incorporating and launching the Lakes-to-the-Gulf highway association, at a meeting in Birmingham on Monday, Jan. 22. This meeting is called for the purpose of promoting the building of a great national highway to be located centrally through the state of Illinois, Indiana,

## ADMIRAL DEWEY IS LAID TO REST WHILE NATION PAYS HONOR TO HERO'S MEMORY

PRESIDENT AND MRS. WILSON  
ATTEND THE FAMILY SERVICES  
AT THE LATE ADMIRAL'S HOME  
TODAY. CABINET IS THERE.

### BUGLE SOUNDS "TAPS"

SPANISH AMBASSADOR IS PRE-  
SENT AT SERVICES, SHOWING  
HOW ENEMIES HAVE BEEN  
SOFTENED BY TIME.

(International News Service.)  
Washington, Jan. 20.—George Dewey, the admiral of the navy, has been laid to rest. His body this afternoon rests in historic Arlington, where repose thousands of the heroes of the war between the states, where Dewey received his first baptism of fire; and of the Spanish-American conflict in which he earned undying fame.

In Gen. Nelson A. Miles' mausoleum under the great oaks on the sloping hills of the south side of the national cemetery overlooking the city of Washington the mahogany casket containing all that was mortal of the dead hero was laid to rest with all the honors due to his exalted rank. As the doors finally were closed a company of midshipmen from the naval academy at Annapolis fired the final volleys of farewell and the silver tones of the bugle sounded "taps" on the career of the father of the modern navy of the United States and probably its most loved commander.

Every possible honor a grateful nation could pay to his memory marked the funeral services of the admiral. In the ranks that followed him to his final resting place were President and Mrs. Wilson, members of the supreme court, Vice President and Mrs. Marshall, every member of the cabinet, committees representing the senate and the house; Gen. Horace G. Graham, of Dewey's native state—Vermont; the adjutant general of Vermont, with representatives from Dewey's home town—Montpelier; representatives from scores of patriotic societies, a delegation representing New York City, first to welcome him on return from his great victory at Manila Bay; all available sailors, marines, soldiers and veterans of the civil and Spanish-American wars.

The funeral cortege left the capitol at 11:30 o'clock and the procession to Arlington cemetery began.

Previous to the public funeral in the capitol private services were conducted in the Dewey home. A magnificent tribute was the presence at the services at the home of the Spanish ambassador, Senor Don Juan Riano y Gayangos, and the chamberlain to his majesty, the King of Spain, and Mile Riano.

Their presence emphasized to the fullest degree the fact that the enemies engendered by the conflict of 1898

## THE VOICE OF THE CITY.

It was O. Henry who, in the heyday of his wonderful literary career, attuned his ear to the noises rising from the various commercial and social activities of American cities and proceeded to found one of his brilliant short stories on the dominant motif from the hum of their municipal wheels. Chicago, he found, always looks forward to the future. New York is disdainfully unimpressed of any rivals, proud of her position as the second city of the world. New Orleans, he found, basked in the sunlight of her noonday sleaze. Norfolk was eternally thinking of something good to eat. Richmond dreamed of the grandeur that was hers in the years gone by and so down the long list of American cities.

It was characteristic of the modesty of O. Henry that he wished himself capable of weaving together the joys and the woes, the passions and the longings, the pleasures, the poverty, the greed and the wealth into a crazy quilt fabric and writing a masterpiece.

But what dominant note would be found in Albany-Decatur? "Tomorrow" is the word on every citizen's lips, for here the sentiment is universal that we live on the future side of the South. At times some of us are amazed by the discordant notes—the jarring tune of the bass drum knocker—the shrill shriek of the tuba gossiper; the steady beat of the snare drum peanut politician—but the dismay should be but for a moment, for nothing should disturb for long the ever swelling voice of the full orchestra.

We are going to have a big city some day. Chicago was once a flag station on the trackless prairie. New York was once so small that its mayor knew all the inhabitants by their first names. Nashville was once a salt lick where deer and bear came for salt. Birmingham was once a nameless hole in the mud of Jones Valley. New Orleans was once almost covered by the broad Mississippi. Atlanta was once red clay land. Memphis was once an Indian village. And even Rome was not built in a day.

What we need most of all is a broad spirit of boost. The power of talk in building a city cannot be overestimated. We should all speak loudly and discard our big sticks, to paraphrase Terrible Ted.

That we are going to have a big city right here at this gateway to the gulf, few who know can doubt. But we must all believe it and think it and talk it so this boost spirit will indeed become the voice of the city.

## LIKE DR. FOSTER.

The Daily wishes Huntsville well with its new branch of the Jackson highway, the landing of which was celebrated last night with a big banquet at the Hotel Twickenham. At the same time, in view of the reports of dangerously high waters to be crossed on the route as reported by the Huntsville press, we cannot refrain from feeling like Dr. Foster in the nursery rhyme. It is:  
Dr. Foster went to Gloster  
In a shower of rain  
He stepped in a puddle up to his middle  
And never went there again.

We trust that none of the tourists who motor down the Huntsville leg of the Jackson highway will get stuck up. If they do we will have to offer them the advantages of the "Bee Line" route passing through Pulaski, Tenn., Athens, Decatur, Albany, Hartselle, Cullman and Birmingham.

Greeks Pioneers in Lighting.  
To the Greeks is fairly due the honor of being the first people to bring the lighted lamp into the world. While Athenians takes the view that the lamp was not confined to Greece, it is certain that it had been brought into general domestic use in Athens as early as the fourth century B. C., while from the references to lamp festivals made by Herodotus in the second volume of the narratives we may assume that it had a long anterior period illumined temples and other places where perpetual light was displayed as a tribute to the gods.

## Just In Passing

## IS FOR THE HIGHWAY.

"I really do not think we lost much by not being named on the official Jackson highway," said Dr. Frank Chenault, "for we certainly are going to build the 'Bee Line' road and that will bring as much travel as the other would. We have a number of good roads north and south of here and it is up to us to build them in Morgan."

## TO OPEN NEW COMPANY.

"I intend opening a nursery and real estate business here immediately," said J. H. Moye, "for this section looks good to me. I have a number of such establishments but none in North Alabama. I picked Albany from all of the other cities. One of my places is in Lawrenceburg, Tenn., and much can be said for the farming country there." Mr. Moye has gotten out several booklets illustrating the advantages of farming in the South.

## BUSINESS IS GOOD.

The past year and particularly during the Yuletide season was a dandy," said Jim Stone, popular employe of the Quality Laundry. "During the closing months of the year, our plant was kept busy early and late. The new year appears to be making a most favorable introduction also in all lines and the outlook for 1917 in Albany-Decatur is better than it has ever been before, in my opinion."

## A GRIPPE EPIDEMIC.

"I think the doctors owe me a commission," said Louis Schaut, of the Hotel Hilda. "The other day I had a physician over here to prescribe for about two-thirds of our operating force, who were suffering with grippe and before he got out of the building, he had written four prescriptions for traveling men who were seated in the lobby. I do not believe I ever saw quite such an epidemic of that American curse—the influenza."

## SOME LIVE TOWN.

"Evidently Albany-Decatur are considered 'live' towns away from home," said a well-known Decatur society girl. "The other day I had a letter from a friend far down in South Alabama. She told me of an interesting experience she had recently while attending the picture show. A good looking man on the seat ahead began a discussion about the exceedingly good time he had at a dance at the Colonial club, paying some nice compliments to the fair sex of the Twin Cities. Mr. friend also has visited here and she became so much interested in the attractive stranger that she began chatting with a lady friend who had accompanied her to the show also going into ecstasies over the good times she had up here. Strange to say, my friend never learned the name of the man on the seat ahead, although he turned around and looked her squarely in the eye as if inviting an introduction."

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

## Teeth Marks Save Boy.

New York.—Because he was able to point out a ticket in the box with teeth marks on it, a bundle-laden boy escaped arrest in the subway the other day. The ticket chopper was about to hand him over to a policeman, despite his protest, when the lad managed to prove he had spat his ticket into the receptacle. In the course of the argument untold numbers of other travelers skidded through without putting in their tickets.

## A THOUGHT FOR THE SABBATH AND EVERY OTHER DAY

BY OBSERVER.

Whoever it was, who advised you what to eat, what to take or how to live. Did you thank them? No. Would children at a picnic thank any one for telling them not to eat too much? Hardly. If in the recent ice storm, one poetically inclined had said: "Clasp your cloaks tight lest they yield to the bitter north wind." Well and good; you would have done it, for you were facing an actual condition and you knew the effects of a storm and how to meet them. But who knows the chemistry of digestion well enough to tell you how to eat? Who knows your moral appetite or your religious taste? Or that the latter does not cease with the taste of the wine of the sacrament? For these and other causes advice is a failure; also "Fletcherism" is, and so is the "balanced ration," whether it be prescribed for the stomach or for the soul. Dr. Petty is reported as saying that the recent linen shower given him by grateful patients did him more good than a sermon. Now some other people might have relished and profited by a sermon on our "hair hung and breezen shaken" poise over Hades, or by a milder sermon. At any rate the

Scripture prayer: "Feed me with food convenient to me," is a hard one to get answered whether we desire spiritual or temporal food. "I am a part of every one I meet" means this: "I take what of people I can appreciate and want" and no more. If you go to telling people what to do and what not to do, a quarrel ensues; but a quarrel is too serious a matter for any to indulge in, save those deeply in love with each other. "Doctoring," any honest physician will tell you, is largely a failure. Not so with the surgeon. He knows. He says "Cut this out and you will live," or "Bring me some live, warm blood to transfuse into the veins of my sick patient."

Recent press dispatches state that Johns Hopkins hospital is paying people standing wages for the "rights" on their blood for transfusion purposes.

Continuing the living Word truly teachers: "Accept the living blood of the Living Christ and you will live." Anybody knows you must "cut out" all bad habits and seek to remove all rubbish from over your lives if you wish them to spring upward toward Heaven.

### TO ONE WHO IS BLIND.

I said I had forgotten her,  
That I had put away  
Our memories of Paradise  
Until the Judgment day.

That never more the laughing earth  
Should see us hand in hand,  
That I long since had shut the door  
Of the old fairyland.

Then on a sudden came strange news  
Upon the gossip wind,  
My love of those sweet years ago  
Great God—my love was blind!

I said—the news must be a lie,  
Cruel as are the years,  
They could not be so merciless  
To such great eyes as hers.

O little child of long ago,  
God grant the news untrue!  
Except for one strong selfish thought,  
That I may come to you.

And sit beside you in the dark  
And, as in Paradise  
I gave you all my breaking heart.  
Now bring to you—my eyes.

—Richard LaGalliene—

### OPEN MEETING FOR COTACO LITERARY CLUB.

Friday afternoon Mesdames Thos. Faust, Hal Mullen and E. R. Wolfe entertained the Cotaco Literary club at room at the residence of Mrs. E. R. Wolfe. Seven tables were arranged in the living and dining rooms, that had added their attractiveness with ferns and flowering plants, whose pastel shades were emphasized by the soft light shed from the shower chandeliers. At the close of the game cards were removed and dainty lunch cloths spread and a dainty salad course followed.

Mr. and Mrs. L. W. Borton left at noon today on an extended southern trip. While away they will visit Florida, Bermuda Islands, Havana, Cuba, and the Isle of Pines.

### BENEVOLENT SOCIETY LINEN SHOWER.

The annual January linen shower for the Benevolent Society hospital at the hospitable home of Mrs. W. R. Smith Thursday afternoon was a delightful social event, as well as a gratifying success in replenishing the linen supply of the hospital.

Mrs. Hubbard and Miss Vines assisted the officers and members of the Ladies' Benevolent Society in receiving the guests and the gifts, and a social cup of tea added to the cheery atmosphere of the occasion. The following articles were received:

Eighty-four towels.  
Three bath towels.  
Four large sheets.  
One single sheet.  
Thirty-eight pillowcases.  
Six tea towels.  
Three dozen napkins.  
One tablecloth.  
Eleven and one-fourth yards Indianhead.  
Five yards cheese cloth.

One fine linen stand cover.  
One fine linen dresser cover.  
Two embroidered tray doilies.  
Many donors preferred giving cash to buy the articles most needed, and cash and checks received amounted to \$44.

The following letter with its words of encouragement meant so much to the women who give so freely of their time and strength to the work of the hospital that the publicity committee was requested to add it to this report:

Decatur, Ala., Jan. 17, 1917.  
Mrs. W. R. Smith,  
New Decatur, Ala.

Dear Madam:—  
I am enclosing herewith my check for \$25 to be applied on the hospital fund.

The ladies of the Benevolent Society and their associates are doing an untold amount of good in this community.

Yours very truly,

D. D. McGehee.

The Board of Managers again express its thanks to the friends of the hospital for their generosity in aiding to carry the burden of ministering to the sick of the community and the surrounding country.

MRS. E. C. PAYNE,  
Chairman Publicity Committee.

A few of the friends of Mrs. Fred Wiley, of Falkville, were delightfully entertained at her home there Friday evening. The house was decorated in ferns and narcissi. ### Rich Canadians Pass Through Here Today

A special train carrying rich Canadians from the Toronto section to the Florida and gulf coasts, with a short stop at New Orleans for Mardi Gras, passed through Albany-Decatur today. There were about 100 in the party, which was traveling on a special palace car train consisting of stateroom Pullman cars, Pullman dining car and recreation car. Clark Dunn, traveling passenger agent of the L. & N., was in personal supervision of the train, which will pass through here at midnight on Feb. 21 on the return trip.

### Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Annie," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

Yours truly, W. A. ROBERTS.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, constipation of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Annie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within the reach of all sufferers.

I know of one or two such druggists in town who have managed to procure a supply of "Annie" for their anxious customers in an around this locality. If not obtainable, send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

EDITOR—Please insert this letter in some conspicuous place in your paper.
